"I am so grateful to Jewish Big Brothers Big Sisters of Los Angeles for all the support I've received over the years. When I first met my Big Sister after my dad passed away, I would never have thought that I could have so many valuable experiences and lifelong friendships all from one place! From being a Little Sister to summers at Camp Bob Waldorf to serving as a Teen Talk App advisor and a JBBBSLA Scholar and Student Ambassador, I've done just about every program JBBBSLA has to offer.

Along the way, I've made new friends, ventured out of my comfort zone, participated in impactful service projects, and have given back to others in ways that would not have been possible without this incredible agency. I recently graduated from my dream college thanks to their College Access + Success program and my JBBBSLA scholarship!

JBBBSLA will always have a BIG impact on my heart and my life, and I am the person I am today thanks to everyone there."
